

# NYS Behavioral Health Managed Care Consumer Education Materials Order Form

NYS OMH, OASAS and DOH have developed a series of educational materials intended to familiarize individuals and their physical and behavioral health providers with the new Medicaid Managed Care Health and Recovery Plan (HARP) and Adult Behavioral Health (BH) Home and Community Based Services (BH HCBS). These materials are intended for Medicaid Managed Care Organizations, Providers, Health Homes, Care Managers, Peers, Advocates, and others to share with eligible and potentially eligible individuals.

Health and Recovery Plans (HARPs) are plans offered by select Medicaid Managed Care Organizations (MCOs) for people with serious mental illness and substance use disorders. These Plans offer specialized services and additional behavioral health benefits such as rehabilitation and wellness services including peer support, individualized employment assistance, and education support to eligible individuals. These benefits are called Adult Behavioral Health Home and Community-Based Services (Adult BH HCBS).

**HARP Materials:** Brochure, Poster, and Palm Card— These materials describe Medicaid Managed Care HARP and the types of services the plan covers.

**Adult BH Home and Community Based Services:** This brochure provides an overview of new services provided.

All orders made to OMH Print and Design Services must be paid by purchase order. Please submit this order from to [OHM-Managed-Care@omh.ny.gov](mailto:OHM-Managed-Care@omh.ny.gov). You will be contacted by OMH Print and Design Services to complete your order.
