OMH is dedicated to providing individuals and families access to quality, integrated services and supports that foster recovery and well-being; public input is crucial in assisting the agency in meeting the needs of all of the people we serve. This November, OMH will be conducting a Statewide Virtual Town Hall with Commissioner Ann Marie Sullivan, M.D. presenting on the *Commissioner's Transformation Agenda for a Changing Healthcare Environment*. It will be held [online via WebEx](#) in order to maximize access for public participation, with [three OMH sites](#) also available for attendees who are unable to access the event online.

This event will provide the public an opportunity to learn more about the OMH vision for the future, including the Commissioner's top policy and planning priorities. Comments and questions can be presented both online and via phone conferencing for those attending at one of the OMH sites (Albany, New York City, and Rochester). All comments will be reviewed and considered in the development of the OMH Statewide Comprehensive Plan pursuant to Section 5.07 of NYS mental hygiene law.
